Dear Teresa

Your fax received, and note your action against Maple will start next week, with regard to the information you require I do not have any such documentation. Re Excelair and Unique Travel the latter were instructed by the Board of Enquiry to produce records of accounts and travel records for their services to Maple/ Bartolo & Excelair but chose not to do so and were never called to account for not doing so. Excelair's documents and accounts were never raised as an issue by any of the lawyers or government legal representatives attending any of the ten sittings which I attended

I do recall that on three occasions at which he attended Mr. A Fenich the Engineering Manager of the company which carried out the regulation maintenance and services to 9H--ABU stated he could not reconcile the condition of the plane as reported and recorded by Rodney Woods in his evidence to the court with that of the aircraft 9H--ABU which his company had serviced only four weeks previously, when asked to produce the records of that work Mr Fenich stated he was unable to do so because all his paper and computer records relating to that plane had been confiscated by quote "The Authorities" Police-- Civil Aviation on the morning of Monday 4<sup>th</sup> December 1995. These statements by Mr. Fenich are recorded in the various transcripts. There were numerous requests by the Board for the production of documents/records which were never forthcoming and the Board never followed up on its requests,

I wonder why??? I do not have nor have I ever seen the Maltese Writ / Summons, Sorry.

Good luck in your case against Mapel

Dear Alice and Cormac,

Thank you very much for your Easter postcard. I am always pleased to hear from you.

I will be in London between 7<sup>th</sup> and 14<sup>th</sup> of May because on the 8<sup>th</sup> of May the trial against MAPEL starts.

However hard I tried I did not collect some needed documents. Do you have the Maltese Writ of Summons in English? I am also looking for the audited accounts for Excelair and Unique Travel for the year 1994 and 1995 (June 1994 to December 1995). If you have these documents or any other information about Unique Travel I would be very thankful if you could send it's copy to me.

Lately I have troubles with receiving faxes to me (in may area the phone line is in a very bad condition). In case of any troubles you can send message to number (48 42) 635 46 49 (to my work) or to number (48 42) 632 35 52 (to my friends).

I hope all is well with you. Please write when you have the opportunity.

My best wishes,

Teresa Augustyniak-Gorna
